WARHAMMER CITADEL MINIATURES

Welcome to Games Workshop's 1997 Warhammer Catalog. Within these pages you will find pictures for the entire range of **Citadel Miniatures for Warhammer**. All the models are shown at **ACTUAL SIZE**, except in some cases, such as units of miniatures and the color battle shots, where we had to reduce the image to fit on the page. When possible we have pictured the miniatures in the catalog pages next to their blister "mates". Duplicate miniatures will occasionally be shown when models are packed with more than one variant. You can find packaging details at the bottom of each code section, which will list the accessories that come with each particular model. Games Workshop's plastic slottabases are supplied with all miniatures that require them.

THE WARHAMMER HOBBY

In a fantasy world amidst the clash of swords and the blare of trumpets, mighty warriors meet on the fields of battle. Like the crack of a lightning bolt, lances split as gallant knights crash into the massed ranks of stalwart foot troops. Archers darken the sky with deadly volleys of arrows, while great cannons are brought to life with thundering booms. Using Citadel Miniatures, Warhammer, the Game of Fantasy battles brings all the excitement of commanding vast armies of noble warriors to your tabletop!

GETTING STARTED

The hobby starts with your first Citadel Miniature. From there, you can advance to painting your model, collecting an army, and playing a game.

A WORLD IN A BOX

The best way to get into the hobby is with the Warhammer boxed game. Packed full with over 80 of our finest plastic miniatures, the box contains rules, dice, and everything you'll need to play. Any flat surface becomes the battlefield where you and your opponent can maneuver mighty armies of Citadel Miniatures in a test of tactical skills and battle prowess, but the hobby doesn't end there.

One of the great new Lizardmen models.

EXPANDING YOUR GAME

The excitement and fun of playing a tightly contested battle is just the start of the Warhammer hobby. Players can expand their armies, adding special troop types, exotic war machines, powerful magics, and terrifying monsters.

CITADEL MINIATURES

Citadel Miniatures makes a vast range of plastic and pewter models for use with Warhammer. There are thousands upon thousands of different models to choose, from evil Egrimm Van Horstmann mounted on the fearsome Chaos Dragon Baudros, to a unit of the brave and gallant Bretonnian Knights, or the short and hardy Dwarf Warriors.

Not only is Van Horstmann an unstoppable Chaos Sorcerer, but he makes an impressive centerpiece for any Chaos Army.

From start to finish: the stages of painting a Citadel Miniature.

BRILLIANTLY PAINTED MINIATURES

Part of the Warhammer hobby is painting figures. Nothing brings a tabletop battlefield to life like a well painted army of Citadel Miniatures. Games Workshop has created the Citadel Colour range of paints specifically for our models.

In order to help beginners get started, the Warhammer boxed game contains a basic painting guide. By using a few fun but simple to learn techniques, players will soon have an army to be proud of. For more advanced techniques look to the monthly painting feature in White Dwarf magazine.

BASIC STEPS TO PAINTING MODELS

Above: Priming is a crucial step in properly painting a model.

Below: Base coating the model is the next essential step.

Left: After the model is basecoated it's time to shade, highlight and finish the base. Special models can be given banners by drawing a design on paper and using the same painting process.

An army of Dwarfs digs in and prepares to meet the foul Chaos horde.

BUILDING THE BATTLEFIELD

The first few games will most likely be played on the kitchen table with the supplied buildings in the boxed game. It isn't long before players want to game on more elaborate tables filled with vast forests, rolling hills and rocky outcrops, or perhaps on the banks of some mighty river. Varied terrain allows the creation of special scenarios. For example, in one game you could be defending a crucial bridge, and in another assaulting the gates of a castle. Making scenery is part of what makes Warhammer more than a single game, but a complete hobby as well.

It's easy to make a small stand of trees. All you need is a little imagination, the right tools and some of our great new ready-made trees!

THIS CATALOG

This catalog is intended to be your complete guide to the Warhammer hobby. With this essential tome in hand, tabletop generals and model collectors can now, at their leisure, pore over the entire line of **Citadel Miniatures** for Warhammer.

The High Elf Mage Teclis is arguably the most powerful mage in the in the Warhammer World.

WOOD ELVES

From the heart of Athel Loren, the woods come alive with the sounding of the Horn of the Wild Hunt. The cry of Great Eagles ring out from piney crags, huge green scaled serpents known as Forest Dragons wind their way through ancient, tangled growths, and even the trees seem to come alive to defend the magical forest.

THE LIVING FOREST

The great forest of Loren is the home of the **Wood Elves**. Kin to the High Elves, the Wood Elves stayed behind in the Old World while their brethren returned to Ulthuan, the Elven homeland.

Forced to survive on their own the Wood Elves adapted quickly to the forest life. Their wisdom, fighting techniques and even their magic changed to match the wooded surroundings. They became protectors of the

forest, every tree was sacred and every glade was holy ground.

The forest in turn offered up all of its resources to them, providing food, shelter and even its own kinds of protection in the form of ancient and powerful **Treemen**, and the mystical wood spirits, the **Dryads**.

Wood Elf Archers are the deadliest Archers in the world.

AMONGST THE TREES

The forest of Loren is so large and vast that unique communities sprang up. The Elves that settled in the piney crags of the mountains befriended the Giant Hawks that live there, using them to scout over the forest and when necessary ride them into war. Those Elves that settled the grassy glades brought with them the graceful Elven steeds, on which they became master riders and charioteers. The Elves that settled in the deep forests became master woodsmen and trackers, able to shadow intruders in the forests and lay deadly traps should they prove dangerous or troublesome.

THE WILD HUNT

Archers make up the bulk of the Wood Elf Army. Their special long bows are able to shoot farther than normal bows, allowing a deadly hail of arrows to rain down on the enemy from far away. **Wood Elf Scouts** patrol ahead of the main force, giving ample warning to their kindred of any approaching dangers. **Waywatchers** are the ever vigilant forest guard, laying devious traps for the unsuspecting enemy. **War Dancers** are the most fierce and skilled Wood Elf Warriors, turning the art of war into a deadly flowing dance, leaving the enemy mesmerized just before they fall to the swift thrust of an Elven blade. **Glade Riders** glide swiftly through the wood on their Elven steeds, while **Charioteers** crash through the enemy lines.

A Wood Elf Spearmen ready for battle.

THE GODS INCARNATE

As if Wood Elves weren't deadly enough, they can be led into battle by their incarnate gods, **Orion** and **Ariel**. Orion, the master of the hunt is terrifying to behold. His wife Ariel is equally as terrifying, flying on giant moth wings and casting deadly magics about the battlefield. It is no wonder that the Wood Elf home of Athel Loren has yet to be successfully invaded.

Masters of stealth, Waywatchers are the deadly guardians of the Forest's borders.

0534 DURTHU TREEMAN HERO

Durthu resembles a wizened and gnarled old oak tree. He is ancient beyond reckoning and has endured in the depths of the forest for untold ages. If the Forest of Loren is invaded, Durthu will be disturbed by the sounds of battle and destruction. Enraged, he will lurch through the forest seeking out the intruders and attack them with a savage fury that defies description.

0752 WOOD ELF PLASTIC ARCHERS

Wood Elf archers form the backbone of the army and are renowned for their keen-eyed and deadly accuracy.

WOOD ELVES

8535 WOOD ELF DRAGON

The Chasm Glades of Loren are home to the rare Forest Dragons which have dwelt there since the dawn of time. Occasionally a Mage or Lord may succeed in tempting a young Forest Dragon to leave the chasm or a thousand-year old egg will be found and warmed up until it hatches. The hatchling will be nurtured for centuries until it has grown into a worthy mount reserved only for the greatest of Mages or Lords.

WOOD ELVES

0537 ORION, KING OF THE FOREST

Orion is the King of all the Wood Elves, holding his court deep inside the enchanted forest. With his realm threatened, Orion assumes the aspect of the old Elven god of Nature - Kurnous, summons his hounds of war and goes to hunt his foe. None can stand against his rage as he charges across the battlefield in a primeval fury. His power is that of a mortal god, his ferocity echoes the rage of the untamed wilderness, and in his hand he carries the magical Spear of Kurnous.

0539 ARIEL, WOOD ELF QUEEN OF MAGIC

Ariel is the Queen of Athel Loren, a wise ruler and a mage of great power. She is the living embodiment of Isha, and the wife of King Orion. When the Wood Elf horns summon the warriors of Loren to do battle, Ariel assumes the awe-inspiring aspect of Isha, the ancient Elven goddess of Nature.

Those few that have angered her and lived to tell the tale, whisper of her piercing scream that shatters bones and cracks open armor, and the beat of her huge wings that heralds the arrival of death.

WOOD ELVES

0508 WOOD ELF BOXED ARMY

Sweeping through the forests of Loren come the Wood Elves! Leading the charge is Cormac Airt, mounted on the back of a fierce Forest Dragon, unleashing a torrent of death with his magical long bow. Glade Riders sprint across the open grass, their spears aimed for the enemies' hearts. Wood Elf Archers appear out of the undergrowth, unleashing volleys of arrows into the intruders. Wardancers spring into the fray, weaving their dance of death and cutting down their opponents with a quick flick of a sword. The great Treeman Kern thunders to the front, crushing all beneath his massive limbs, and spiteful Dryads repulse the enemy with their lashing leaves and entwining vines. The Wood Elves come forth to defend their forest home with all the fury of nature at their sides!

0138 WARHAMMER ARMIES WOOD ELVES

The Wood Elves are among the most ancient inhabitants of the Old World. Their secret realm, deep in the Forest of Loren, has remained hidden and free for centuries. Tirelessly the Scouts and Waywatchers guard the forest and no enemies have ever been able to conquer their land. The Wood Elves have tamed the savage beasts and giant birds of prey that inhabit their realm and befriended the strange Treemen and Dryads who dwell in the depths of the forest. Their noble rulers are able to shape-shift into demi-gods to strike deep into the heart of their foes.

SPECIAL RULES

The Bestiary describes the unique warriors of the Wood Elves and the strange creatures of the forest including Wardancers, Scouts, Warhawk Riders, Great Eagles, Treemen and Dryads.

ARMY LIST

A complete army list for the Wood Elves includes Charioteers, Glade Riders, Warhawk Riders, Scouts, Wardancers, Glade Guards, Archers, Treemen and Dryads. A separate section introduces some of the awesome characters of the forest realm including Orion and Ariel in the aspects of Cormac and Ishar, Thalador Doomstar, Lothlann the Brave, Sceolan, Wyndyl the Wild, Scarloc, Gruarth the Beastmaster, Skaw the Falconer, Dorian the Treeman and the Dryad Drycha.

HIGH ELVES

Before the great cities of man arose in the Old World the High Elves had already settled over much of the land. As High Elves are skilled warriors and powerful mages, their kingdom spread from continent to continent, their sleek ships come to dominate the oceans and huge fortresses rose up on every coast. But then...

WAR FROM WITHIN

The Elves as a whole are a haughty and proud race, and it was only a matter of time before their pride clouded their judgment. Drawn into a war with the Dwarfs in the Old World, the High Elves exhausted their forces.

At their weakest they were suddenly betrayed by their own kin, now known as the Dark Elves. In a pitched battle for the throne and Kingdom, the High Elves were able to drive back the Dark Elves, but at a terrible cost.

High Elf steeds are prized above all others for their speed, power and loyalty.

The Shadow Warriors stand as the last few survivors of their province, searching endlessly for their hated enemy, the Dark Elves. The Sword Masters of Hoeth fight with huge two-handed swords, yet are able to wield them with as much speed and skill as a normal sword. Nobles gathered to form crack cavalry units like the Silver Helms and the Dragon Princes of Caledor. And Tiranoc Charioteers rumbled across the plains, drawn by fine Elven Steeds.

ETERNAL VIGILANCE

Today the Elves live in a period of regrowth.

Old wounds have been healed and trade once again flows with the Dwarfs and the developing human nations. Great fleets of Elven ships ply the waters in trade and in war against their enemies. The High Elves are always on the alert, ready to meet the next invasion from their Dark Elf kindred, an Orc and Goblin Waaagh!, or the constant menace of the Chaos hordes.

All High Elves are trained with the bow and spear so they can defend their embattled homeland.

THE REBUILDING OF AN EMPIRE

Their continent Isle of Ulthuan decimated by war, the High Elf citizens slaughtered, and their armies broken, the High Elves set out to refortify their land and start on the long road to recovery. Every citizen was trained to fight and soon every Elf could be called on in the time of war. The powerful High Elf Mages came together and increased their considerable knowledge and skill with magic. Elite units of foot troops were reinforced and stood ready at a moments notice. The Phoenix Guard, masters of the halberd fight in an eerie silence, never uttering a word. The White Lions of Chrace, the King's personal bodyguard go forth wielding great double-handed axes.

High Elf Mages are incredibly proficient in High Magic, the most potent form of magic in the Warhammer World.

Ulthuan - the ancient island realm of the High Elves: the birthplace of true magic, an enchanted land inhabited by creatures who were already millennia old before the emergence of mankind. Ulthuan is the greatest sea-luring power in the Warhammer World, dominating the flow of trade from the Old World to the new, a great colossus standing astride the ocean and guarding the destiny of the whole world. This indispensable supplement for the Warhammer game of fantasy battles describes the ancient land of Ulthuan and the armies of the High Elves in complete and exhaustive detail.

A full list is provided including heroes, wizards, and monsters in your army. A separate section introduces great Elven heroes and wizards including Tynon, Champion of the Everqueen, also called Orthane and Mankiller, his twin brother Tectis, the greatest wizard in the Old World and founder of the Imperial Colleges of Magic, and Eltharion, Warden of Tor Yvresse and scourge of the invaders of Ulthuan.

DARK ELVES

There is one name whispered in the Warhammer World with both complete fear and hatred. These marauders sail the seas on great Black Arks and are trailed by sea monsters too horrible to mention. When they make landfall it signals a period of war, destruction and death. They live for the thrill of the kill and the pleasure of enslaving others, they are the Dark Elves.

A HISTORY STEEPED IN BLOOD

Dark Elf society is centered around war. They know no peace, having been banished to the frozen lands of Naggaroth centuries ago. They face the constant threat of invasion from the north by Chaos Hordes, and from the south they continue their never ending war with the High Elves.

Embedded in conflict for over 5,000 years with their hated cousins, the High Elves, the Dark Elves strive to reclaim the homeland they were driven away from so long ago.

Having embraced the ways of Dark Magic the Dark Elves descended into total and utter decadence. They revel in killing and the spilling of blood and take extreme pleasure from watching their enemies suffer.

A Dark Elf Champion

DARK PACTS

All Elves are a race touched by magic. No exception are the Dark Elves, who began their descent into decadence with the studying of the forbidden Dark Magic. After thousands of years, they have become supreme masters of their art, able to cast vile spells, and call forth evil Daemons in the blink of an eye.

Dark Elf Sorcerers use forbidden magic to torture and destroy their enemies.

MALICIOUS INTENT

Dark Elf Warriors are cruel and fierce fighters. They are lithe and sinuous, their muscles are strong and their reactions are every bit as quick as their agile minds.

Dark Elf Warriors wear distinctive and highly ornate armor. They carry cruel swords or spears and many are armed with a deadly Repeater Crossbow which shoots a hail of small, barbed arrows.

The Dark Elf Army is also replete with elite units such as the Cold One Knights. They ride ancient reptiles known as Cold Ones that live underneath the frozen lands. Dark Elf Corsairs fight from the decks of the great Black Arks.

Protected by the impenetrable Sea Dragon Cloaks, they fight with a sword or axe in each hand. They are renowned for their dazzling and ferocious skill in combat. Perhaps the most feared are the deadly Witch Elves, who go into bloody frenzies when fighting allowing them to literally carve their way through the enemy.

CONQUEST OF EVIL

The Dark Elves are on a continuous quest to take back their homeland of Ulthuan. Until that glorious day comes, however, they are content to raid the cities and ports of other races, killing for pleasure and taking slaves.

Some Dark Elves are raised from birth to be trained killers. These eventually become the feared Dark Elf Assassins.

The Dark Elves have always made great use of enslaved monsters, but none have ever approached the mastery of the Beastlord Rakarth. In fact, Rakarth can even tame the opposing player's monsters and use them for his own cruel purposes. It is said that the dungeons of Karond Kar are full of the creatures he has tamed.

Armed with the magical Whip of Agony, the Beastlord Rakarth rides to battle on an enormous Dragon that he has broken to his will.

With the General ride the rest of the Dark Elf Cold One Knights, their Blood Banner raised high. Dark Elf Warriors and the hauberk-wielding Black Guard march forth ready to cleave their enemy in two. Dark Elf Crossbowmen hold the high ground, sending volley after volley into the enemies ranks. Witch Elves charge forth with blood-curdling screams, driving their foes before them with their frenzied attacks. Harpies sweep down from the sky, tearing through armor with their razor-sharp claws and teeth. Dark magic billows forth from the Dark Elf Mages, corrupting all in its path. And the deadly Repeater Bolt Throwers spring to life, skewering the enemy on gigantic bolts. Nowhere in the Warhammer World is safe from the ravages of the Dark Elves, and all the races shall cower before their might!

0137 WARHAMMER ARMIES DARK ELVES

The Empire

Between the World's Edge Mountains and the Grey Mountains, nestled among the great forests lies the most powerful human realm in the Old World, The Empire. Here one of the world's greatest armies awaits its next challenge. Great Cannons stand ready to smash the enemy, crack units of Archers with arrows notched wait for their signal, and powerful Mages prepare to bend the winds of magic to their will.

A TROUBLED BIRTH

The Empire stands as a testimony to the fighting spirit of its inhabitants. It was born amidst great Orc and Goblin armies, incursions of Chaos hordes, and has even survived the evil scheming of the Skaven. The realms stood divided and were nearly lost until one man wielding a mighty hammer arose to unite the human tribes together. This man, known as Sigmar, was a powerful warrior and led the Empire to great victories against its enemies. It was only a matter of time before the embattled humans made friends with the Dwarfs in the surrounding mountains and together they drove out the threats that plagued the early human settlements.

THE CULT OF SIGMAR

Sigmar stands as the founder and patron god of the Empire. His legacy has spawned a realm that produced many wonders, including: the mighty Imperial Engineers Guild which produced such wonders like the Imperial Steam Tank, and the Collages of Magic where the powerful Empire Wizards are taught their powerful and archaic craft. The Empire itself is made up of many provinces led by Elector Counts.

From each province troops are recruited to fight for the Empire. Stalwart units of Halberdiers, keen-eyed Archers, young and brash Pistoliers, and daring regiments of Swordsmen to name a few. From the ranks of the nobles comes the King's personal bodyguard, the elite Reiksguard, and the other knightly orders: the savage White Wolves, the resplendent Knights Panther and the fervent Knights of the Rising Sun.

Mounted or unmounted Reiksguard units can roll over enemy troops with their superior fighting skills.

KARL FRANZ

Today the Empire stands under the prosperous leadership of the great warrior the Emperor Karl Franz. Trade flows freely out of the cities, and its borders stand secure. Together with their long standing allies, the Dwarfs, the Empire strives to stem the Orc and Goblin menace, and crush the rising tides of Chaos.

Halberdiers are just one of the many foot troops offered in the Empire army.

DWARFS

The Dwarfs are mighty warriors able to bear the load of armor that would cause a man to collapse, and swing mighty two-handed hammers that can crush their enemy with a single blow. Slow to forget a slight, they are known throughout the world as grudgebearers, and are always ready to take revenge for their ancestors.

THE DWARF EMPIRE

Long before the cities of man arose, before the Elven ships landed on the coasts of the Old World, the Dwarfen realms spread across the World's Edge Mountains. The Dwarfs carved their strongholds out of the mountains themselves and mined the riches they found within. Stout warriors and master forgers, their armies marched onward and the Dwarfs claimed the Old World for their own.

The Dwarf army is full of missile troops like this Dwarf Thunderer

THE GREAT CATAclySM

The Dwarf Empire was so strong and vast that only a string of cataclysmic events could have brought the realms to its knees. It was only a matter of time after the Dwarfs and Elves first met that the two would come to blows. Both being a proud and haughty race, they do not take slights very easily and eventually they went to war in what was called the Great War of the Beard. This war exhausted the forces of both races and ended in stalemate. The Dwarfs retreated to their mountain strongholds and barred the gates.

Then came the great rift when the old volcanoes in the Dwarf realms erupted and great earthquakes tore the mountains apart. Many strongholds were destroyed and its defenses left in ruins. It was not long before Orc and Goblin hordes overran the shattered realms.

Dwarf Slayers actively seek out the largest and most powerful monsters to defeat

BY THE BEARDS OF THEIR ANCESTORS

The bulk of the Dwarf Army is made up of Dwarf Clansmen who go into battle wielding finely crafted axes, spears, or even great two-handed axes. Too short to use bows, Dwarfs adopted the crossbow and handgun as weapons of choice to give covering fire for their infantry.

Because they live in a constant state of warfare, Dwarfs have a wide range of elite units to choose from. The oldest Dwarf warriors are known as **Long Beards**. These cantankerous old fellows are always complaining about how today's Goblins are just smaller and weedier than the ones they had to fight when they were young. Dwarf

Hammerers are the King's personal bodyguard. They go into battle wielding deadly two-handed hammers that can crush the enemy in one great heave. **Dwarf Slayers** are Dwarfs that have been spurned and have left the safety of the strongholds to find their lost honor by

fighting the biggest and baddest monsters. Living in the mountains the Dwarfs had no practical use for cavalry so they look to their fantastic war machines to give them an edge. Whether it is from the burning whoosh of a **Flame Cannon**, or the churning of the blades on the mighty **Gyrocopter**, Dwarfs are never lacking for artillery. It seems Dwarfs are always ready to show another army the error of its ways from the business end of a big cannon barrel.

Dwarf Runesmiths forge powerful runic weapons and have been known to ride into battle on the top of large anvils!

0133 WARHAMMER ARMIES DWARFS

For thousands of years the great Dwarf Empire has endured amongst the World's Edge Mountains. Centuries of war and conquest have hardened the Dwarfs and molded them into the finest warriors anywhere. Countless battles against the Orcs, Goblins, and Skaven have embittered their hearts and sharpened their thirst for revenge. This invaluable companion to the Warhammer game of fantasy battles describes the armies of the Dwarfs in complete detail.

SKAVEN

With a high pitched squeal of a thousand maddened rats, the Skaven swarm the fields of battle. A rat infestation turned nightmare, the vile rat-men scheme and plot the downfall of all the races in an effort to turn the World into one nation united under the Thirteen Lords of Decay.

CHILDREN OF THE HORNED RAT

While the origins of the Skaven remains shrouded in mystery, their current presence is all too noticeable. Under the direction of the Thirteen Lords of Decay, the Skaven construct elaborate plans, some which take decades to bear any fruit. The Skaven themselves are gross parodies of a cross between a man and a rat. Walking upright and possessing cunning intelligence, they are however skittish when left on their own. But when combined in packs, they can be whipped into unstoppable frenzies.

THE UNDEREMPIRE

The Skaven empire is known as Skavenblight. A half sunken city in the middle of the treacherous marshes that cover northern Tilea. Stretching out from Skavenblight like evil tendrils is a massive network of tunnels. These tunnels crisscross the whole of the Old World, leading to every major city stronghold, and castle. From there the Skaven can unleash their fiendish plots, launch attacks, or spread their deadly diseases.

While Rat-Ogres are brutally savage, they are stupid beasts, thus they are herded into battle by Skaven Packmasters.

FISTS OF FURRY

The skaven society is separated into clans, and within each clan runs a pecking order. The stronger and more cunning the rat, the better position he will be in. The weak and the slow are captured for slaves, or used as cannon fodder

when the Skaven march to war. The larger more robust Skaven,

known as **Clanrats**, form the core units of the Skaven army. **Stormvermin** form the elite warriors units. These large Skaven, are a match for any foe that dares stand against them.

Each clan has its own niche that keeps it from being enslaved by a rival clan.

Four clans have risen to prominence in Skaven society. **Clan Moulder**, who are powerful **Beastmasters**, breed horrible fighting beasts. **Clan Eshin** are the feared Skaven Assassins. **Clan Skyre** are the mystical Warlock Engineers

blending science and magic into strange and mystical devices of destruction. **Clan Pestilins**, also known as the **Plague Monks**, develop new diseases and spread them over the Old World with a fanatic fervor. Together these clans work to spread despair and bring down the nations of the Warhammer World!

Each toll of the warpstone bells drives the Skaven to new heights of ferocity. At the front of the twisted carriage a Grey Seer exports the Skaven to even an more frenzied state.

0135 WARHAMMER ARMIES SKAVEN

The vile and malevolent Skaven gnaw through the roots of the Old World like a malignant cancer. Their Under-Empire spreads ever outward from its sprawling capital of ancient evil Skavenblight. Black-clad assassins stink through the sewers, rabid Plague Monks brew magical pestilences, insane Warlock Engineers build their devastating weapons of mass destruction and foul Packmasters mutate warped and deadly war-beasts to unleash upon their foes. Through the ancient and evil Lords of Decay the Horned Rat himself, dark god of the Skaven race, cynically guides his children to their ultimate destiny of complete mastery of the entire world! This supplement for Warhammer Fantasy battle describes the Skaven race and their unspeakable horror in complete and exhaustive detail.

ARMY LIST

A complete army list for the Skaven hordes. From Stormvermin and Clanrats to the most infamous Skaven characters.

ORCS & GOBLINS

With a thundering rumble, hordes of greenskins charge forward. Caught up in the Waaagh, Orc and Goblin tribes band together to fight for power, prestige, or to just pass the time. Found in every corner of the Warhammer World, no race is spared the constant invasions of the Orcs and Goblins.

PICK UP DAT AXE YA GIT!

Orcs and Goblins are arguably the most war-like race in the Warhammer World. In fact, if they didn't spend so much time warring with each other they would have crushed most of the Human, Dwarf, and Elven Empires long ago.

An Orc invasion known as Waaagh is an awesome sight to behold. They start when an Orc or Goblin Boss gains respect through beating other Orc and Goblin tribes. Soon everyone is flocking to the winner's banner in hopes of being on the winning side (and what fun is war if you can't be on the winning side, right?). Soon thousands of Orcs and Goblins are united under one banner and hungry for conquest. Many such Waaaghs are recorded in the annals of Human and Dwarf history, when huge armies came sweeping out of the mountains leaving complete destruction and desolation in its wake.

THE LADZ

Orcs, as a whole, are not very intelligent creatures but their determination to get what they want more than makes up for clever ideas or cunning plans. Their large stature makes them physically suited for battle, made up of heavily muscled limbs and thick skins, they can shrug off wounds that would kill an ordinary human. Goblins are smaller, weaker, and not quite as well suited for battle as their larger cousins. They will run from a fight unless they outnumber their enemy, or on the chance that the enemy is weaker, injured, or asleep. What they lack physically however is made up in cunning and shrewdness and their bizarre but effective selection of troops.

Black Orcs are the biggest and toughest of all the Orcs, and will not rout when they see smaller Orcs fleeing from battle.

THE WAAAGH!

One of the greatest things about the Orc and Goblin Army is the variety of troops that can be fielded. Orcs come in a variety of sizes, ranging from regular **Orc Boys** to the rather large and

Giant heads with teeth. Squigs are driven from their dens in dark caves and goaded into battle.

Intimidating **Black Orcs**. **Savage Orcs** are Orcs who shun the use of armor and steel weapons, relying on pure ferocity and a little bit of magical war paint to

carry them through the battle. And of course there are the **Orc Boar Boyz**, an adventurous lot that ride huge, bloodthirsty war boars! Not content to be outdone, the Goblins have a myriad of troops themselves. Ranging from the crazy **Goblin Fanatics**, who are whirling balls of death, to **Forest Goblins** who scuttle about the field on top of **Giant Spiders**.

An Orc and Goblin force laid out on the battlefield is an impressive sight. With an almost endless variety of troops, they can meet and beat any force that is stupid enough or slow enough to get in their way.

Squig Hoppers can cause massive damage if they manage to land in the middle of an enemy unit.

PLASTIC ORCS

Orcs are harsh and brutal warriors who love nothing more than a good scrap. If Orcs can't find any enemy to fight, they will quickly resort to battling it out amongst themselves.

0528

AZHAG THE SLAUGHTERER

One of the most infamous of all Orc Warlords, Azhag the Slaughterer led a legendary Orc Waaagh! rampaging through the very heart of the Empire.

Azhag rode to war atop a large and particularly ferocious Wvern, but what really made Azhag dangerous was the Crown of Sorcery.

Another of Azhag's special abilities, and one that made his career as a Warlord so successful, is his ability to prevent the usual effects of Orc and Goblin animosity within 12" of his person. Other greenskins just wouldn't dare to disobey any of Azhag's orders.

ORCS & GOBLINS

0748
PLASTIC
BLACK ORCS

The biggest and strongest of all Orcs, Black Orcs rely on brute strength and their two hand weapons to grind all opposition into the ground.

0755
PLASTIC GOBLINS

When grouped in large formations Goblins become incredibly effective troops, either swarming over the enemy in a wave of superior numbers, or darkening the skies with clouds of arrows.

0823
ROCK LOBBER

An awesome Orc war machine, the Rock Lobber hurls vast boulders across the battlefield to crush and flatten enemy units. The resounding "splat" of an accurate shot truly delights the Orcish mind.

ORCS & GOBLINS

0844 CHIEFTAIN GROM'S WAR CHARIOT

Spurring the ferocious wolves that pull his massive chariot to an even greater speed, Goblin Warlord Grom the Paunch crashes into the foe and splinters enemy units asunder.

0544 GOBLIN CHARIOT

With a snapping of jaws and a rumble of wheels come the Goblin Chariot! Pulled by ferocious wolves, the Goblin chariot wreaks havoc as it cuts through the enemy units with its scythed wheels crushing all those unfortunate enough to get caught in front of its path

ORCS & GOBLINS

0829 GIANT

The ground shakes with every monumental stride and even the bravest of warriors shake in their boots as a Giant bears down upon them. Immense size and strength make Giants especially formidable. No armor ever forged could stand a prayer against the walloping blows of a Giant's tree-trunk weapon. Giants have been known to use their tremendous size to stamp on opponents, pick them up, eat them, jump up or down on them, and even worse.

0545 ORC BOAR BOYZ

The most fierce of the Orc and Goblin calvary can be found in the Orc Boar Riders. Only the biggest Orcs can ride these powerful and rather foul tempered boars, which makes for a fast striking, elite unit that can crush all that dare stand in their way!

ORCS & GOBLINS

0522 ORC AND GOBLIN BOXED ARMY

Rampaging across the Old World are the Orc and Goblin hordes! Led by Grom the Paunch of the Misty Mountains the mighty Waaagh! has started. Helping him to marshall his troops is the fearsome Goblin Warlord of the Eight Peaks, Skarsnik, and his giant Squig Gobbler. The flapping of leathery wings heralds the arrival of Varg 'eadsmasha, the Orc Master Shaman and his bloodthirsty Wyvern and the battle is ready to begin! Orc Boyz rush forward into battle, supported by withering fire from the Orc Arser Boyz. Mob after mob of Goblins pour forth like a sea of red eyes and sharp little teeth. Fanatics burst forward as they close with the enemy, their huge ball and chains decimating even the heaviest of armored foes. Goblin Wolf Riders bound up the edge of the battlefield, harrying the enemy flanks. With a loud twing, a Goblin Doom Diver is launched into the air, ready to crash down into some unsuspecting unit. It's a never ending threat to the Old World, all in one box and ready for you to take command!

0131 WARHAMMER ARMIES ORCS AND GOBLINS

Waaagh! The greenskins are coming. Orcs and Goblins pour from the mountains to wreak havoc amongst the realms of men. Warlords lead wild and teeming hordes to battle. Orc and Goblin tribes swell the ranks. Trolls and ferocious monsters bellow in fury. Chariots and weird machines rumble forward to crush the enemy. This invaluable companion to the Warhammer game describes the armies of Orcs and Goblins in complete detail.

CHIAOS

In the north lies a land where time and space is warped. It is a place of horrid mutations and death, where winds blow across a desolate and sandy landscape. Here roving bands of warriors fight for the favor of their evil gods, and gibbering Daemons roam free.

THE GREAT COLLAPSE

The Northern Chaos Wastes were not always in their present state. Once it was the sight of a great portal constructed by the Old Ones an enigmatic race that one day appeared on the Warhammer World. What exactly caused the portal to collapse shall remain a mystery, but the consequences are clearly evident. The resulting collapse flooded the area with magical energy that spread out and saturated the land. With it came great mutations to both the landscape and those unfortunate enough to be caught in the ensuing flood of energies. The rift allowed horrors beyond the world to enter, now known as the Chaos Gods; Tzeentch, Slaanesh, Nurgle, and Khorne.

Bloodletters are fierce Daemons of Khorne who wield terrible swords known as Halberds.

THE CHAOS GODS

There are four Chaos Gods who rule the infernal region known as the Realm of Chaos. Khorne is the Blood God, the god of battle who revels in war and spurns the use of magic. Nurgle is the Great Lord of Decay who presides over physical corruption and morbidity. Slaanesh is the god of decadence and pleasure and of the terrible temptations that only a god can offer. Tzeentch is the Great Sorcerer, the god of magic and master of the mutable time-stream. Together these gods weave webs and plots to undue the reality of the world and spread chaos to every corner of every realm.

A HUNGER FOR POWER

The Chaos hordes are made up of terrible monsters, Daemons, savage Beastmen, and humans whose lust for power have driven them to evil and unholy ends. In the mountains roam terrifying beasts, like Griffons, Hippogriffs and Manticores, created by the mutating properties of magic. In the forests, bands of ferocious Beastmen wait to raid unsuspecting villages for food and sport. Daemons, terrible creations of magic, spread their terror and wreak havoc all in the name of their arcane masters. The most depraved followers of Chaos, however, are the humans. Drawn by the whispered promises of power, they sell their souls for greater magical abilities, or for more skill and prowess in battle. Appearing on the battlefield as great Chaos Sorcerers, menacing Chaos Warriors, or even the appalling Chaos Knights, they spill blood in the names of their patron god and gather their enemies' skulls for glory.

Chaos Warriors battle for the attention of their god, hoping to be raised to the status of Chaos Champions.

Chaos Sorcerers pledge their souls in hopes of getting more arcane knowledge and achieving immortality.

0136 WARHAMMER ARMIES CHAOS

From the desolate Northern Wastes the Chaos hordes march upon the world. Champions of the Dark Gods lead their warriors against the realms of men. Mighty Sorcerers weave terrifying spells of destruction. Horned Beastmen bray and bellow in anticipation of the slaughter that is to come. Behind them, riding upon a wave of devastation, come the Daemons of Chaos themselves, foul and unholy creatures that hate mankind and seek to enslave all living things.

THE CHAOS GODS

The four mighty Gods of Chaos: Khorne the Blood God, Lord of Battles; Nurgle the Lord of Decay, the Pestilential Master of Plague; Tzeentch the Great Sorcerer, God of Mighty Magic; and Slaanesh, the seductive and enchanting Prince of Chaos.

SPECIAL RULES

Special rules cover Chaos Gifts, horrific mutations that confer even greater powers upon your Chaos horde, and Chaos Rewards, magic boons bestowed upon your Chaos Champions and Sorcerers by the gods themselves. To accompany the expanded Chaos spell deck included in the box there is an improved set of Chaos Magic rules for Chaos Sorcerers, daemons, and Beastmen Shamans. This volume also contains rules for Chaos Spawn: vile creatures mutated beyond recognition by the unbridled forces of change.

CHAOS ARMY LIST

A complete army list for the Chaos horde. A full list of heroes, shamans, sorcerers, and monsters.

UNDEAD

On the plain of bones, hundreds of bodies shuffle along in eerie silence, their skeletons silhouetted against the moonlight. In the swamps of Tilea, decaying corpses mindlessly roam the marshes. And in the ancient necropolis, the dead carry on with day to day duties in a terrifying parody of the living. In the Warhammer World death is not always the end, but a horrifying beginning.

REAPER OF SOULS

The great undead nation came into being with the birth of the most vile and insidious Necromancer, **Nagash**. His reign of terror began over 4,000 years ago in the land of Nehekara. Here Nagash started down the path of Necromancy, first devising elixirs to extend his life, and then eventually refining spells for controlling the dead. In the end his unholy journey led to a master spell to raise all the dead in the land to fight for his nightmare army. His plan to turn the rest of the world into one undead nation under his command would have worked if not for the treachery of the Skaven. Assassinated by the evil rat things, Nagash's plans led to ruin and much of his armies were laid to dust. Still a sorcerer as powerful as Nagash does not stay dead for long! Hidden in his tomb he bides his time regaining strength and reassessing control over his scattered undead realm.

Even in death cavalry can be a potent weapon, especially now that they can pass right through walls!

WE ARE LEGION

Undead armies are gruesome to behold. Hordes of **Skeletons** marching along with only the clang of rusted weapons to mark their presence. **Zombies** amble forward, leaving a trail of once vital organs strewn behind them. Horribly degenerated humans called **Ghouls** scuttle about with the hopes of getting the taste of a bit of flesh. Terrifying **Wraiths** swing their razor-sharp scythes while their chilling touch reduces hardy warriors into gibbering cowards. Leading this otherworldly horde are the Undead elite. Bloodthirsty **Vampires**, who prowl the night in search of life sustaining blood. Sadistic **Necromancers** raid ancient barrows in search of the heroes of old to enslave in their Undead hordes. Even more horrific are the Undead Necromancers known as **Liches**. These evil creatures plot the downfall of man without the bother of human emotions, knowing full well that eventually all will be called to serve in the ranks of the Undead.

Once a mighty Chaos Champion, Kreil serves again, this time in the Undead legions.

The dreaded Vampire Lords are some of the most evil of the Undead. Their unrelenting attacks and transfixed glares can kill even the best of heroes.

Hordes of the living dead gather, their bones rattling and dry flesh creaking, as they are pulled irresistibly to battle by the adamant will of their dark master.

The Undead Army contains a complete 2,000 point army. Included are Necromancer Dieter Helsenicht mounted on a Manticore, 6 Skeleton Horsemen, 20 Skeleton Warriors, 2 Undead Chariots, 2 Carrion, 2 Screaming Skull Catapults, 2 Wights, 3 Undead Command, 12 Ghouls, 12 Zombies, and a Vampire Count.

0134 WARHAMMER ARMIES UNDEAD

In the Warhammer World the dead do not rest easy. Vampires lurk in haunted castles in the sinister forests of Sylvania. Necromancers seek to escape their mortality by searching for forbidden knowledge within the pages of accursed books. In lost cities buried beneath the desert sands of the Land of the Dead, the Tomb Kings rule over legions of corpses, their servants in death as they were in life. And behind all of this towers the gigantic shadowy figure of Nagash, the Great Necromancer, once human but now powerful enough to rival the gods themselves.

THE REALMS OF THE DEAD

A detailed history of the Undead beginning with the birth of Nagash over 4,000 years ago. The Land of the Dead is described together with the many other enclaves and Undead strongholds that are scattered throughout the Warhammer World. A special section reveals the terrible history of the dreaded Vampire Counts of Sylvania, from their rise to power under Count Manfred von Carstein to the present day.

ARMY LIST

This book also contains rules for all Undead creatures, warriors, and war machines. A complete set of 10 Necromantic Magic Spell Cards is provided.

CHAOS DWARVES

Chaos Dwarfs are a vile people, waging wars and enslaving thousands to work their foul mines. The smoke of hundreds of forges choke the air and the desolation of mining deposits cover the earth, turning the landscape into a blasted wasteland. On the top of obsidian temples, the evil Chaos Dwarf Sorcerers sacrifice hundreds of slaves in the name of their Dark Father, Hashut.

THE DESCENT INTO DARKNESS

Before the fall of their great Empire, the Dwarf Realms spread across the mountain ranges from the cold and windswept lands of Norsica to the blasted plains east of the World's Edge Mountains. When the great Polar Gates collapsed and the tide of Chaos swept through the world, most thought the Dwarfs to the east were lost and destroyed. Dwarfs are a robust people and rather than being wiped out, the warping tides of chaos mutated them into grim shadows of their former selves.

Chaos Dwarf Warriors are heavily armored, naturally tough, and determined fighters.

THE SONS OF HASHUT

When the tides of Chaos rolled through some of the Chaos Dwarfs were drastically changed physically, a few becoming the great Bull Centaurs, guardians of the Temple of Hashut. It is even rumored that the Great Taurus and the hideous-faced Lammasu were once Chaos Dwarfs. One of the biggest changes that came over the Chaos Dwarfs was their embrace of sorcery. They became mighty wizards and used their power to raise temples dedicated to Hashut.

The mighty Death Rocket is one of the most powerful machines in the Chaos Dwarf Army.

THE DRUMS OF WAR

When a Chaos Dwarf Army marches to war or in search of slaves they bring a variety of troops. Chaos Dwarf Warriors form the steadfast core units, supported by regiments of the devastating Blunderbusses. These core units are in turn supported by the elite Bull Centaurs, the terrible Great Taurus, and the Lammasu. Because Chaos Dwarfs are few in number they usually coerce mobs of Goblins and Orcs to fight for them. Hobgoblins readily fight for Chaos Dwarfs, giving the army some much needed speed with their Hobgoblin Wolf Riders. Of

course no Chaos Dwarf army is complete without heavy artillery. With their devastating Earth Shaker Cannon, not only can they wipe out units, but its destructive blasts are so huge it can knock nearby units to the ground!

Not only do Chaos Dwarf Sorcerers make remarkable wizards, but they are also powerful warriors too.

Far below the surface of the earth, the tortured slaves labor in chains, endlessly seeking out precious metals and minerals for their evil masters' plans.

Brettonnia

Brettonnia is the land of Chivalry and Honor. Great Knights mounted on the backs of magnificent warhorses charge into battle. Supported by their Squires and Men-At-Arms, they protect the land of Brettonnia and their revered Lady of the Lake.

BLOOD AND HONOR

The land of Brettonnia is one of the greatest realms in the Old World, second only to the Empire in size, wealth, and military prowess. Much like the Empire, Brettonnia was once home to many different human tribes that fought amongst themselves for control of the land. It wasn't until the whole of Brettonnia was threatened by a massive Orc invasion that it started to form into the proud nation that stands today. Brought together under the brave leadership of Giles le Briton, a massive campaign was launched and Giles won

twelve straight battles, ridding the land of the Orc threat. Appointed the Overlord of Brettonnia, Giles continued to battle against the Orcs, Chaos and other foul vermin that plagued the land.

CHIVALRY

It wasn't until the reign of Giles son, Louis, that the Knightly orders and the code of Chivalry that embodies Brettonnia today was formed. **Knights Errant** are the first and lowest order of the Knighthood. These young warriors set out on quests in order to prove their worthiness. **Knights of the Realm** make up the most numerous of the orders. Proven in battle and worthy of the title of Knight, they serve as lords and dukes, protecting the realm and its peoples.

Questing Knights set aside their worldly possessions and set out on a holy quest to find the Grail and gain the favor of the Lady of the Lake. **Grail Knights** are the highest order of knights and are the very embodiment of Chivalry. Having succeeded in their quest for the Grail, they have sipped its contents and gained the favor of the Lady of the Lake. The orders of knights are supported by retinues of commoners or Men-At-Arms. Regiments of

A much less noble weapon, bows are left to the commoners to use

Bowmen are raised from the villages to give valuable long range support to the knights. Basic infantry comes in the form of deadly regiments of **Halberdiers** and defensive units of **Spearmen**. With the variety of steadfast cavalry, and solid infantry, the armies of Brettonnia stand ready to repulse any who try to desecrate their beloved land.

Supported by the brutish Saurus, the small and agile Skinks, and a host of other reptilian creations, the Slann ensure that the divine plan of the Old Ones will come to bear.

THE ARRIVAL

Long before the cities of man, before the Dwarfs sang their great drinking songs, before even the High Elves sailed across the oceans, the Old Ones ruled over the world. They came in great silver ships via a great portal over the North Pole and settled in the steamy jungles on what is now known as the great continent of Lustria. There they spawned the great Slann to help them in their divine plan. Great temples were raised, and for these the Saurus, Skinks, Kroxigors and other breeds were spawned. The Old Ones were so powerful that they changed shape and climate of the world.

THE COLLAPSE

By some terrible mistake the polar gates collapsed and were destroyed, taking the Old Ones and the Slann of the first spawning with it. A great rift in the fabric of space occurred, and through this poured the foul force of Chaos and a great tidal wave of magic flooded the world. The remaining Slann were left to contemplate the Old Ones Divine Plan. With their servants they carry on to the best of their abilities, letting none stand in their way for the Old Ones will is supreme and their plan will be done despite the cost.

Powerful warriors, few can stand up against the strong arms and gnashing teeth of the Saurus

When the Lizardmen march to war, the world quakes. The Slann do not take well to those that interfere with the Old Ones plans, and will go to any end to make sure the plan stays on course. The **Slann Mage-Priests** lead their servants into battle on the top of great palanquins carried by the strongest and most fierce of the Saurus. The core of the army is

Towering over the batt of old Kroxigors are mighty lizards able to cleave the enemy in half with their great bronze axes

made up of the small and agile **Skinks**. Though not the best in hand-to-hand they are good bowmen, and often carry poisoned arrows. The **Saurus**, however, are bred for close combat. With heavily muscled bodies and fierce snapping jaws they can take down the strongest warriors, while the

Saurus Temple Guard can cleave through the heaviest of armor with their powerful halberds. Even larger are the terrifying

Kroxigors. Able to accompany Skinks or fight on their own, they are towering figures of destruction. Soon to be pouring forth from the Lustrian jungles will be

more lizardmen beasts, like the high flying **Terradons** which swoop down upon enemy units dropping large boulders, and the great **Stegadon** that can crush enemy units underfoot

Surely, none can defy the will of the Old Ones, and those that try will pay with their lives!

Small and speedy Skinks can unleash volleys of poisoned javelins and arrows into their foes
